Welcome to a pesto, the four wheeled pizza joint serving 'proper', gut friendly wood-fired sourdough pizza.

Our 9" individual pizzas are made the way pizza should be, using the very best ingredients and no nasty stuff. Our 48hr fermented 100% sourdough crust is light and won't leave you feeling like you have eaten a bag of spanners and our tomatoes actually taste like tomatoes, imagine that! Oh, and we even serve all of this in plastic free, compostable packaging, because we actually give a shit.

Also, we don't judge! It doesn't matter to us how you like your pizza or, whether you're vegan, vegetarian etc., just let us know when ordering and we'll be sure to make your pizza, your way, no boundaries, no bull!
